Notas : Prepared by the seventieth meeting of the joint FAO/WHO expert committee on food additives (JECFA)
ISBN : 978-92-4-166061-7

Resumen: This volume contains monographs prepared at the seventieth meeting of the Joint FAO/WHO Expert Committee on Food Additives (JECFA).

The toxicological monographs in this volume summarize the data on the veterinary drug residues that were evaluated toxicologically by the Committee: the antimicrobial agents avilamycin and tylosin, the antimicrobial agent and contaminant malachite green, the production aid melengestrol acetate, and the antimicrobial agents and production aids monensin and narasin.

This volume and others in the WHO Food Additive Series contain information useful to those who produce and use food additives and veterinary drugs and those involved with controlling contaminants in food, government and food regulatory officers, industrial testing laboratories, toxicological laboratories and universities.

GARCIA JIMENEZ, ANTONIO / Organización y gestión del conocimiento en la comunicación [libro] . -- Gijón, ES : Ediciones Trea, 2002. -- 203 p. ; (es). -- (Biblioteconomía y Administración Cultural ; 64)
ISBN : 84-9704-046-5

Resumen: La organización del conocimiento y la gestión del conocimiento son los dos ejes de esta obra. En el contexto de la actividad documental, la aproximación que se realiza a la organización del conocimiento parte del estudio de sus instrumentos, proceso y métodos de trabajo, en especial de las fórmulas analíticas y de representación de los lenguajes documentales, en conexión con los diferentes aspectos de la realidad hipermedia. A su vez, se profundiza en los modos de evaluación existentes dentro del marco de la recuperación de información y de los nuevos sistemas de información.

KALIS, NANETTE / Technology commercialization through new company formation : why U.S. universities are incubating companies [libro] . -- Athens, US : National Business Incubation Association, 2001. -- 112 p. ; (en)
ISBN : 1-887183-49-3

Resumen: Technology commercialization is standard practice in today s universities and is rapidly spreading to other institutions, such as federal labs. Universities are discovering that growing new companies around platform technologies reaps benefits that reach far beyond the confines of campus. New company formation supports schools educational and research missions, brings economic growth to their communities, attracts students and faculty, and adds prestige to the institutions. Universities that have been truly effective in this area - growing successful, thriving companies – structured for success from the start by making sure the process fit into their cultures. This book shows you how they did it.

Resumen: Este documento, elaborado por el Área de Análisis de la Coyuntura Económica del Instituto de Economía de la Facultad de Ciencias Económicas y de Administración, es el vigésimo que se publica en la etapa que comenzó en enero de 1992. A través del mismo, se procura brindar al lector una visión global del desempeño reciente de la economía del país y de sus perspectivas en el corto plazo. En particular, se intenta poner en evidencia cómo la interacción de ciertos factores externos, decisiones de política económica y acciones de los agentes privados, explican ese desempeño. A la vez, pretende ser un medio para reflexionar acerca de los principales problemas que la economía uruguaya ha de enfrentar en el futuro próximo.

YUSUF, SHAHID ; NABESHIMA, KAORU / How universities promote economic growth [libro] . -- Washington, US : The World Bank, 2007. -- 286 p. ; (en). -- (Directions in Development. Human Development)

ISBN : 978-0-8213-6751-3

Resumen: With the competitiveness of firms in an open and integrated world environment increasingly reliant on technological capability, universities are being asked to take on a growing role in stimulating economic growth. Beyond imparting education, they are now viewed as sources of industrially valuable technical skills, innovations, and entrepreneurship. Developed and developing countries alike have made it a priority to realize this potential of universities to spur growth, a strategy that calls for coordinated policy actions. The distinguished contributors to *How Universities Promote Economic Growth* examine the wealth of international experience on efforts to multiply links between universities and businesses. They offer valuable and succinct guidance on some of the most effective policy measures deployed by national and regional governments, firms and universities to enhance the contribution that tertiary institutions can make to economic change.

COLBERT, CORINNE ; ADKINS, DINAH ; WOLFE, CHUCK ; LAPAN, KARL / *Best practices in action : guidelines for implementing first-class business incubation programs* [libro] . -- 2a ed.. -- Athens, US : National Business Incubation Association, 2010. -- 174 p. ; (en)
ISBN : 978-1-887183-69-7

Resumen: The most comprehensive report ever produced on incubation best practices, this classic book describes model programs and practices against which incubator managers and sponsors can test program performance. The book's 10 chapters describe key best practices and provide examples of how they are implemented by model programs. Appendices offer profiles of eight effective incubators from around the world, as well as sample documents and additional advice. *Best Practices in Action* is a valuable resource both for new incubators that want to start off on the right track and for existing programs that want to make sure they stay on it.

BOYD, KATHLEEN / *Developing a business incubation program : insights and advice for communities* [libro] . -- Athens, US : National Business Incubation Association, 2006. -- 203 p. ; (en)
ISBN : 1-887183-67-1

Resumen: Incubators can help accomplish a variety of goals: creating jobs, revitalizing neighborhoods, commercializing technologies. Developing a Business Incubation Program, the first comprehensive discussion of issues related to incubator development, can help you decide if a business incubation program is right for your goals and your community. With numerous sidebars, case studies and appendices — including a glossary and list of federal funding sources for incubator development —this book will help you make more informed decisions about your incubator project. The book's tips, advice and examples also offer food for thought for existing programs.

Notas : Esta publicación brinda ejemplos de aplicación de la norma API 579-2/ASME FFS-2 2009

Resumen: The publication of the standard API 579-1/ASME FFS-1 Fitness-For-Service, in July 2007 provides a compendium of consensus methods for reliable assessment of the structural integrity of industrial equipment containing identified flaws or damage. API 579-1/ASME FFS-1 was written to be used in conjunction with industry's existing codes for pressure vessels, piping and aboveground storage tanks (e.g. API 510, API 570, API 653, and NB-23). The standardized Fitness-For-Service assessment procedures presented in API 579-1/ASME FFS-1 provide technically sound consensus approaches that ensure the safety of plant personnel and the public while aging equipment continues to operate, and can be used to optimize maintenance and operation practices, maintain availability and enhance the longterm economic performance of plant equipment. This publication is provided to illustrate the calculations used in the assessment procedures in API 579-1/ASME FFS-1 published in July, 2007.

Notas : Véases además CD: Interactive key to the aquatic insect orders of North America. NR 56460
ISBN : 978-0-7575-6321-8

Resumen: An Introduction to the Aquatic Insects of North America was first published in 1978 and has gone through three additions (1978, 1984, 1996). The fourth addition was recently published in 2008. This book has gone from having 22 authors, keys to only the family level with 1712 references, to generic level keys with 45 authors and close to 6000 references. In the most recent edition we have added a third editor, Dr. Marty Berg, and many new authors, as several previous authors have retired. We have included the following new items including the expanded coverage of the phylogeny, biomonitoring, respiration, ecology, life history and behavior chapters, in addition to updates of all the keys

and new figures for many chapters. In the beginning of the book there are plates showing color photographs of the immatures of most all families of aquatic insects. In the Ecological Tables, we have added a column to show Ecological Tolerance Values for each taxon. For the first time, there will be a Glossary at the end of the book and an interactive key to aquatic insect orders on a CD will be included with the book. The spiral binding will be retained and a new color cover identifies the new edition.

SANZ CORELLA, BEATRIZ / Guía para la acción exterior de los gobiernos locales y la cooperación descentralizada Unión Europea - América Latina : elementos para la construcción de una política pública local de cooperación descentralizada [libro] . -- Montevideo, UY : Observatorio de Cooperación Descentralizada, 2008. -- v.2 ; . -- 228 p. ; (es)

Resumen: He aquí el segundo volumen de la guía para la acción exterior de los gobiernos locales y la Cooperación Descentralizada Unión Europea-América Latina, cuyo objetivo es proporcionar a los gobiernos locales de América Latina y de Europa una guía práctica que les ayude de manera sencilla y pedagógica a construir una estrategia de relaciones internacionales y de cooperación descentralizada concebida desde la especificidad de las ciudades y las autoridades locales. En el marco general de la internacionalización de las ciudades, mientras el primer volumen perseguía el objetivo general de proporcionar herramientas para la construcción del marco estratégico en el que situar dicha acción internacional, este segundo volumen se plantea como un manual para ayudar a los gobiernos locales a dar un salto cualitativo, aportando elementos que contribuyan a pensar, desarrollar, ejecutar y optimizar una estrategia sostenida de cooperación descentralizada.

Resumen: El objetivo de este Manual es proporcionar a los gobiernos locales de América Latina y de Europa una guía práctica que les ayude de manera sencilla y pedagógica a construir una estrategia duradera y profesional de relaciones internacionales y cooperación descentralizada. No es un documento analítico ni descriptivo del fenómeno de la cooperación descentralizada, tema que ha sido ampliamente tratado en otros documentos publicados por el Observatorio de la Cooperación Descentralizada Local UE-AL (OCD UE-AL) y otras instituciones. Se trata de un instrumento de trabajo cuyo fin es ser de utilidad y aplicación directa para la práctica local. El contenido propuesto se inspira en el curso de formación a distancia "Especialista en Cooperación Descentralizada Europa-América Latina" impartido por el OCD UE-AL en colaboración con la Universidad Abierta de Cataluña (UOC).¹ Los consejos y recomendaciones que aquí se incluyen están dirigidos a los cargos electos o funcionarios que desean iniciar o fortalecer una estrategia internacional desde el gobierno local.
